ABOUT US

Denizli Egezen International Logistics and Foreign Trade Co. has been operating in the hotel textile and hospital textile sectors since 1991.

Our company manufactures high-quality, durable, easy-to-use textile products in compliance with international standards and delivers them to valued customers at affordable prices.

We produce our products using 100% cotton yarn and meet the textile needs of hotels, hospitals, dormitories, educational institutions, police departments, nursing homes, and healthcare centers.

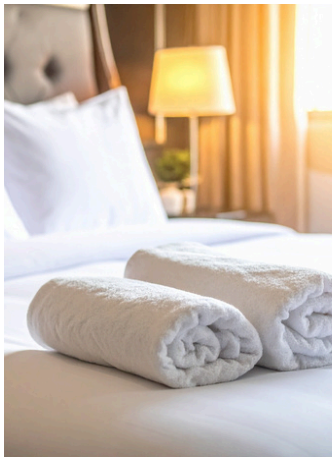

Hotel Textile Product Groups:
Duvet cover sets, bed sheets, pillowcases, bath towels, bath mats, slippers, terry products, shampoo, soap, shower gel, etc.

Hospital Textile Product Groups:
Box gowns, patient gowns, surgical drapes, perforated surgical drapes, green hospital fabrics, stretcher covers, shrouds, American cloth for body wrapping, elastic sheet protectors, and more.

All hotel and hospital textile products are manufactured in-house.

Experience trust and quality with us...

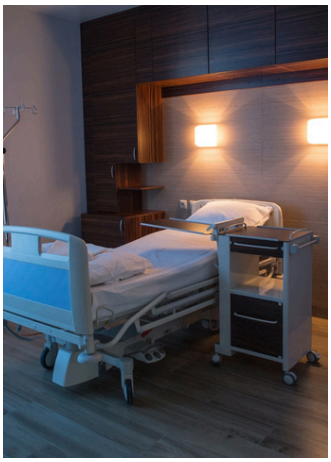

TABLE OF CONTENTS

PAGES 4–15

HOTEL TEXTILES

Our hotel textile products, manufactured with a focus on high quality and durability, are designed to withstand heavy use and ensure long-lasting performance. They combine comfort and aesthetics.

PAGES 16–23

HOSPITAL TEXTILES

Our hospital textile products, manufactured in accordance with hygiene and durability standards, demonstrate high resistance to frequent washing and sterilization processes.

PAGES 24–26

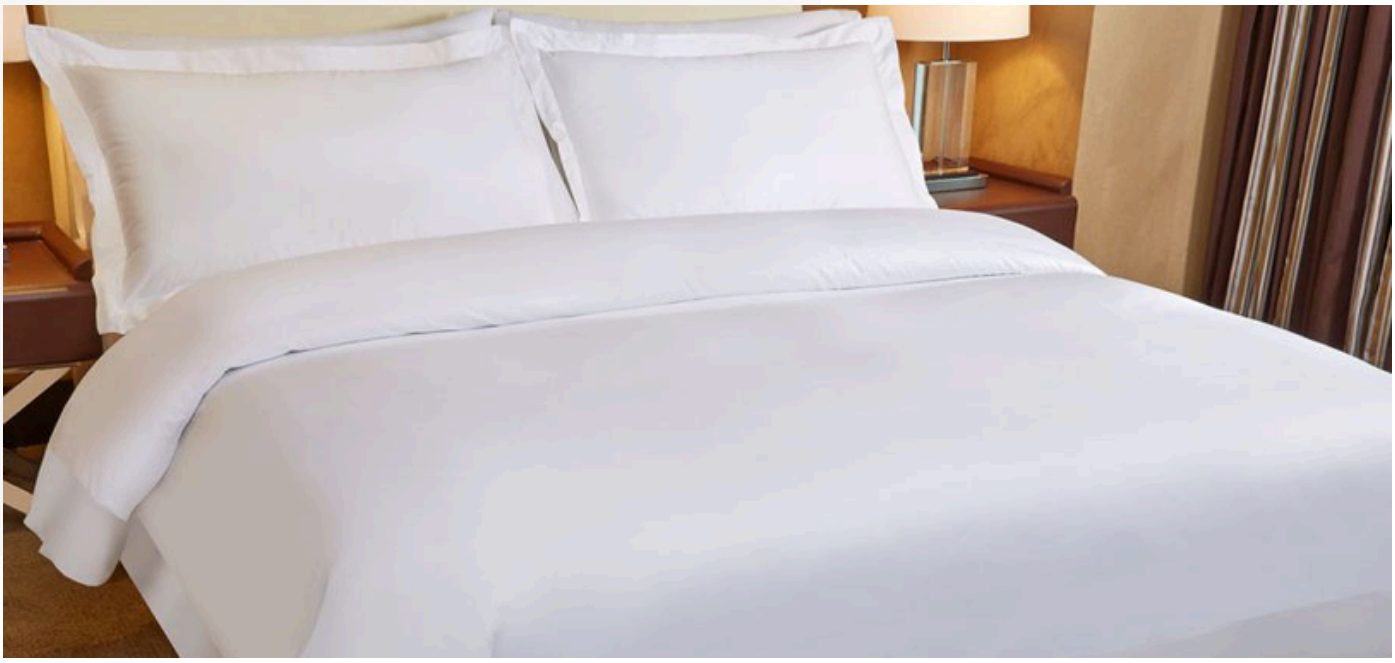

HAMMAM TEXTILES

High absorbency and soft texture designed for long-term intensive use.

HOTEL TEXTILES

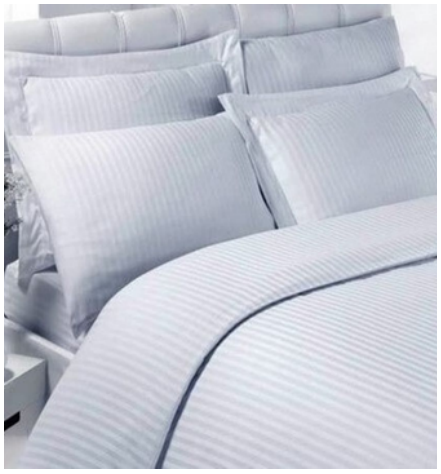

Our hotel textile products are manufactured in high-quality standards suitable for intensive use. Thanks to their long-lasting structure, shape retention, and high wash resistance, they ensure sustainable use in your operations.
Our products combine comfort and elegance while increasing guest satisfaction and reducing operational costs.

SLIPPER TYPES

ULTRASONIC NON-WOVEN SLIPPERS

Our non-woven slippers, produced seamlessly using ultrasonic manufacturing technology, offer hygiene, comfort, and durability all in one. They provide ideal use for hotels, spas, and healthcare facilities.

PICO-STITCHED TERRY SLIPPERS

Produced with highly absorbent terry fabric and detailed with pico stitching, our slippers combine comfort and durability. They provide a hygienic and elegant solution for hotels, spas, and healthcare facilities.

100% NATURAL SLIPPERS

Our 100% natural slippers, produced from natural fibers, combine comfort, hygiene, and sustainability. With their soft texture and breathable structure, they elevate the user experience to the highest level.

PIQUE SLIPPERS WITH DECORATIVE STITCHING

Designed with a pique texture and aesthetic decorative stitching details, our slippers combine comfort and elegance. They offer a hygienic and durable solution suitable for hotel and spa use.

0258 211 11 81

TYPES OF SLIPPERS

WELSOFT HIGH-SOLE PRINTED SLIPPERS

Our Welsoft slippers, distinguished by their high sole and printed design, combine comfort, hygiene, and aesthetics. With their durable structure, they are an ideal choice for intensive use.

NIKI VELVET SLIPPERS

With their velvet texture and ergonomic design, our Niki slippers combine comfort and aesthetics. Their durable and hygienic structure makes them a suitable choice for intensive use.

PIQUE TOE-POST SLIPPERS

Our slippers, distinguished by their toe-post design and pique texture, offer both elegance and comfort. Thanks to their durable and hygienic structure, they are suitable for hotel and spa environments.

0258 211 11 81

HOSPITAL **TEXTILES**

Our hospital textile products are specially manufactured to meet hygiene and durability requirements. Thanks to their structure suitable for frequent washing and sterilization processes, they ensure long-lasting use. With reliable and high-quality solutions that comply with healthcare standards, we provide uninterrupted service support to healthcare institutions.

0258 211 11 81

SURGICAL GOWN

- Our surgical gowns are available in two types: linen and terry-cotton.
- Production can be made in custom sizes upon request, with full or half protection options, including full sleeve coverage, elbow-length coverage, or non-protective alternatives.

0258 211 11 81

HAMMAM TEXTILES

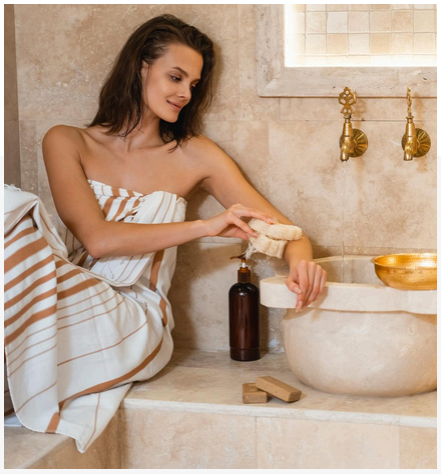

Our hammam textile products stand out with their high absorbency, soft texture, and long-lasting performance. Thanks to their durable structure suitable for intensive use, they maintain their form over time without deformation. Combining traditional texture with modern production quality, our products enhance both user satisfaction and operational efficiency.

0258 211 11 81

CLASSIC HAMMAM PESTEMAL

- **High-Quality Fabric:** Made from 100% cotton or cotton-blend fabric, offering a soft and skin-friendly texture for comfortable use.
- **Lightweight & Practical:** Its thin and lightweight structure allows for easy carrying and quick drying, making it ideal for daily use as well as intensive spa and hammam environments.
- **Durable & Long-Lasting:** Designed to withstand frequent use and washing while maintaining its form over time.
- **Elegant & Stylish:** Available in both traditional and modern pattern options, providing a refined and professional appearance.
- **Weight:** 200 g / piece

0258 211 11 81

EXFOLIATING GLOVE (KESSE)

- **Natural & Skin-Friendly:** Made from 100% cotton or natural fibers, providing gentle yet effective exfoliation.
- **Comfortable Use:** Its ergonomic design ensures easy grip and a comfortable bathing experience.
- **Durable & Long-Lasting:** Designed to withstand intensive use and frequent washing.
- **Hygienic & Quick-Drying:** Thanks to its lightweight structure, it dries quickly and maintains hygiene after use.
- **Multi-Purpose Use:** Suitable for all water and wellness environments such as hammams, spas, and saunas.
